

The Kennedale Kat '51

The first part of the paper discusses the importance of maintaining accurate records of all transactions, including sales, purchases, and expenses. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The second part of the paper focuses on the importance of maintaining accurate records of all assets and liabilities, including property, equipment, and accounts payable. This is essential for ensuring the accuracy of the balance sheet and for providing a clear audit trail. The third part of the paper discusses the importance of maintaining accurate records of all income and expenses, including salaries, wages, and interest. This is essential for ensuring the accuracy of the income statement and for providing a clear audit trail. The fourth part of the paper focuses on the importance of maintaining accurate records of all cash flows, including receipts and payments. This is essential for ensuring the accuracy of the cash flow statement and for providing a clear audit trail. The fifth part of the paper discusses the importance of maintaining accurate records of all taxes, including income tax, sales tax, and property tax. This is essential for ensuring the accuracy of the tax returns and for providing a clear audit trail. The sixth part of the paper focuses on the importance of maintaining accurate records of all other financial information, including bank statements, credit card statements, and insurance policies. This is essential for ensuring the accuracy of the financial statements and for providing a clear audit trail.

Dedication

We, the Senior Class, Annual Staff, and pupils of Kennedale High School wish to dedicate this issue of the Kennedale Kat to Mrs. Arvilla Foster. We wish to express our deepest feeling to such a wonderful teacher. She is not only a teacher to us but also a good friend on whom we can depend for anything. She is a kind, thoughtful, and very considerate person who does well and willingly any task assigned to her. She very seldom becomes angry with anyone. We appreciate Mrs. Foster and what she does for us.

JAMES A. ARTHUR

Superintendent's Message

We must remember...that we cannot insulate our children from the uncertainties of the world in which we live or from the impact of the problems which confront us all. What we can do--and what we must do--is to equip them to meet these problems; to do their part in the total effort, and to build up those inner resources of character which are the main strength of the American people.

Individual self-reliance and independence of spirit are the greatest sources of strength in our democracy. They mark the difference between free countries and dictatorships.

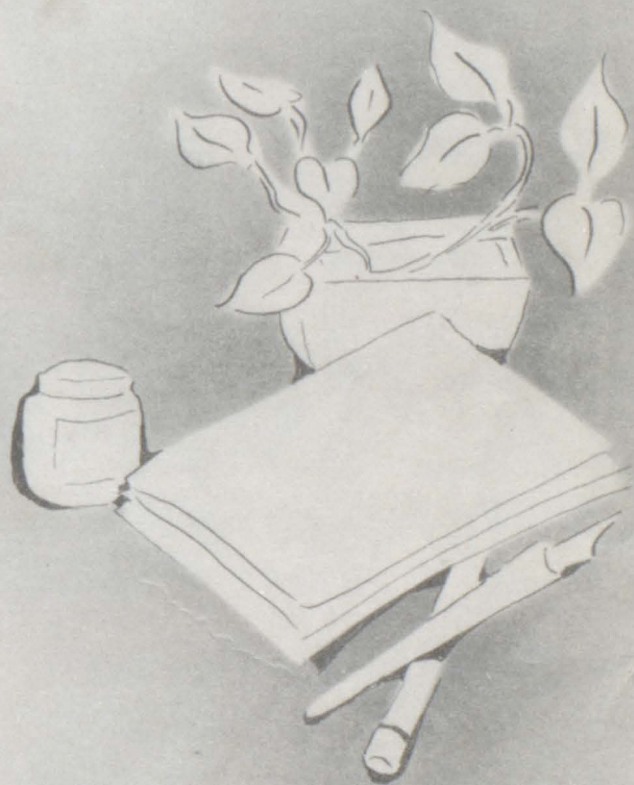

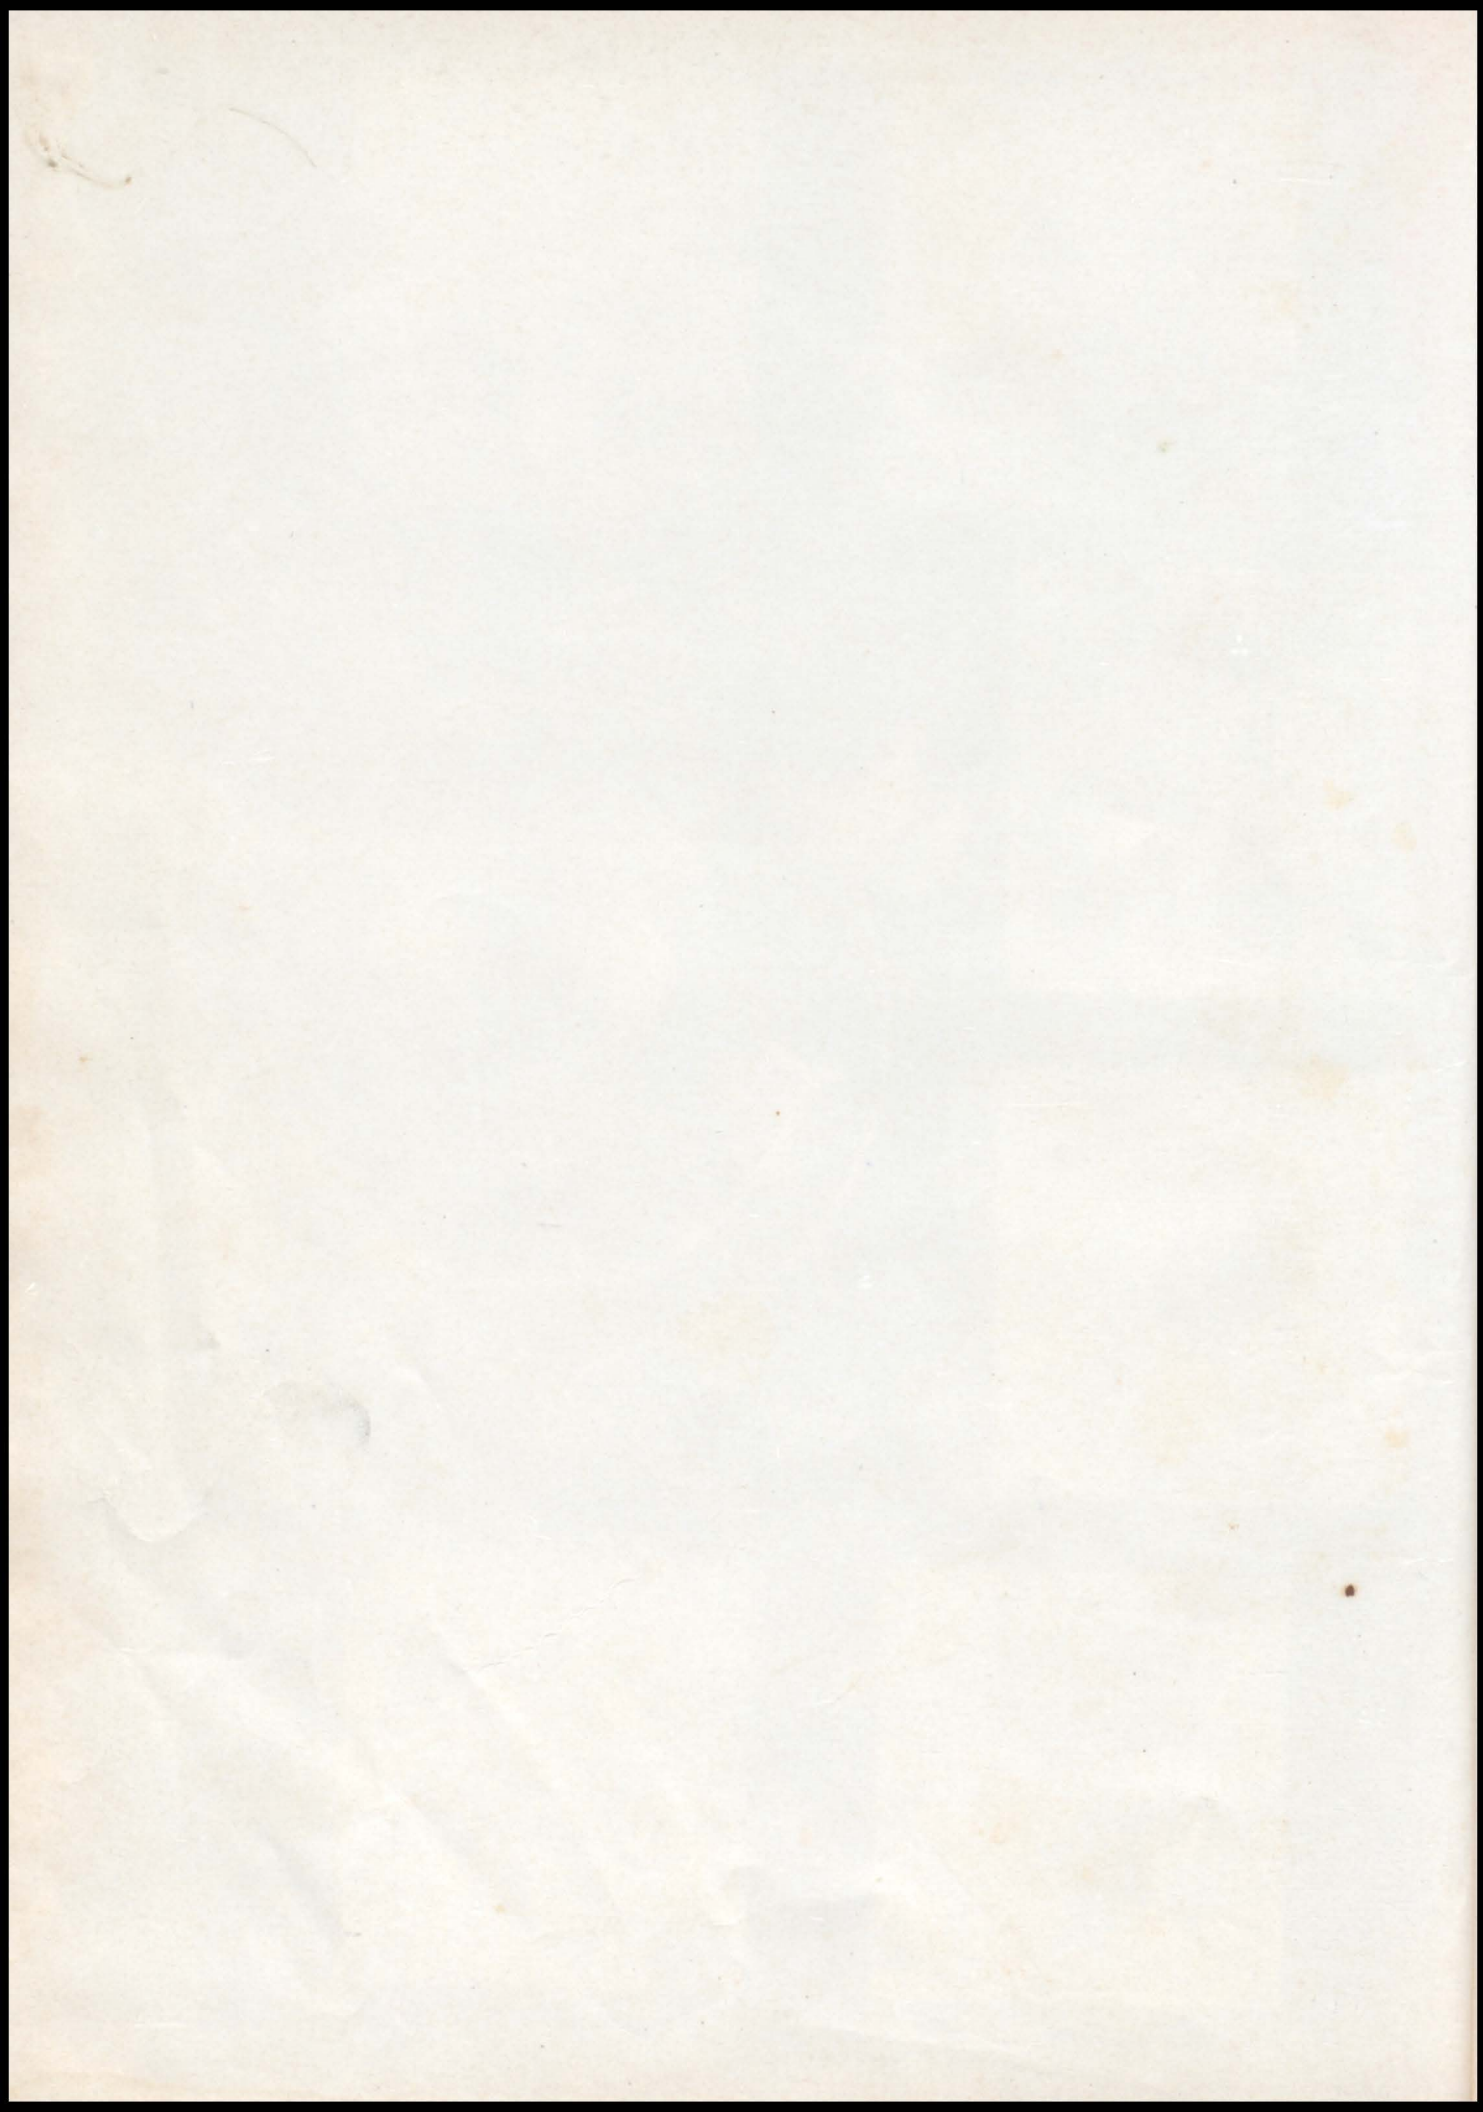

Annual Staff

First Row, left to right: Mrs. Arvilla Foster, Sponsor; O. M. Nessler, Associate Editor; Bill Cromer, Editor; Louise Hibbetts, Assistant Business Mgr.; Jerry Jenkins, Art Editor; Dorothy Harwell, Business Mgr.; Doris Durfee, Feature Editor.

Second Row: Jeff Liles, Sports Editor; Marjie Ledbetter, Associate Editor; Carol Gregory, Class Representative.

Class Will

We, the class of 1951, having learned all lessons, taken all criticisms, and done as little work as possible; being in full possession of a crammed mind, well trained memory, and super-human understanding do hereby make and publish our last will and testament.

To all our teachers we leave our nice manners, co-operation, ability to learn and understand, and best of all the memory of all our school days.

Doris Durfee wills the wearing of western clothes to Louise Hibbits, and her sense of humor to Jo Walls.

Cynthia Kirkpatrick wills her girlish figure to Thomas Coble, and the ability to carry on through love affairs to Billy Jo Hughes.

Robert Willhelm wishes to will his good looks to O. M. Nessler and his bashfulness ??? to Kenneth Middleton.

Bill Cromer wills his height to Arthur Cooper, and his mechanical mind to Gerald Self.

Lemuel Wyatt wills his way with the women to Herbert Spencer, and his long eye lashes to Donnie Eller.

Henry Boldt wills his blond hair to Billy Sloan, and his build to Bryan Ellis,

Dorothy Harwell wills her sweet smile and personality to Mary Sue Elrod and Carol Gregory.

Sue Maples wills her ability to blow bubble gum to Betty Culbertson, and the ability to keep a man to Lawana Sudduth.

Class Prophecy

In the year of 1961 the Senior Class came back for a get together. They met in the banquet hall of the new building. Everyone was surprised to see the old red brick building gone, and in its place a beautiful building of Austin stone. Also on the campus was a new gymnasium, which was needed long before it was built. The dressing room was being used as a nursery for our children.

The first guests to arrive was Sue Maples, now Sue Wilson, with her husband Sherman Lee and their two children. Surprisingly enough she was so thin that even Mrs. Foster's clothes would fall off her hips. Believe it or not her hair was down to her waist.

Of all people to appear next was Robert Willhelm, from Dallas. He drove over in his aqua Cadillac convertible. Robert is a very rich bachelor, and a good looking one at that. Better watch out, Mr. Willhelm, the girls are after you.

Mr. Bill Cromer and his wife, the former Shirley Boen arrived dragging their five children. The youngest is one month old. Bill is now chief of the Kennedale Fire Department.

Dorothy Harwell, now Mrs. Roman Wrzesinski, came all the way from Bremond, Texas. They left their twelve children with his mother. Dot still looks the same.

Henry Boldt, who is now Rev. H. C. Boldt, is pastor of the new Assembly of God Church in Kennedale.

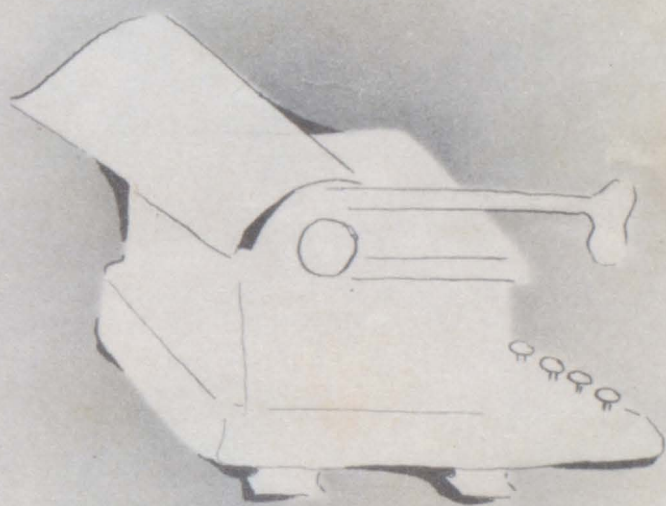

Cynthia Kirkpatrick, now Mrs. Billy Samuel, had to bring her hubby along to keep her from flirting with all the other men. She is still driving their old 1950 Pontiac.

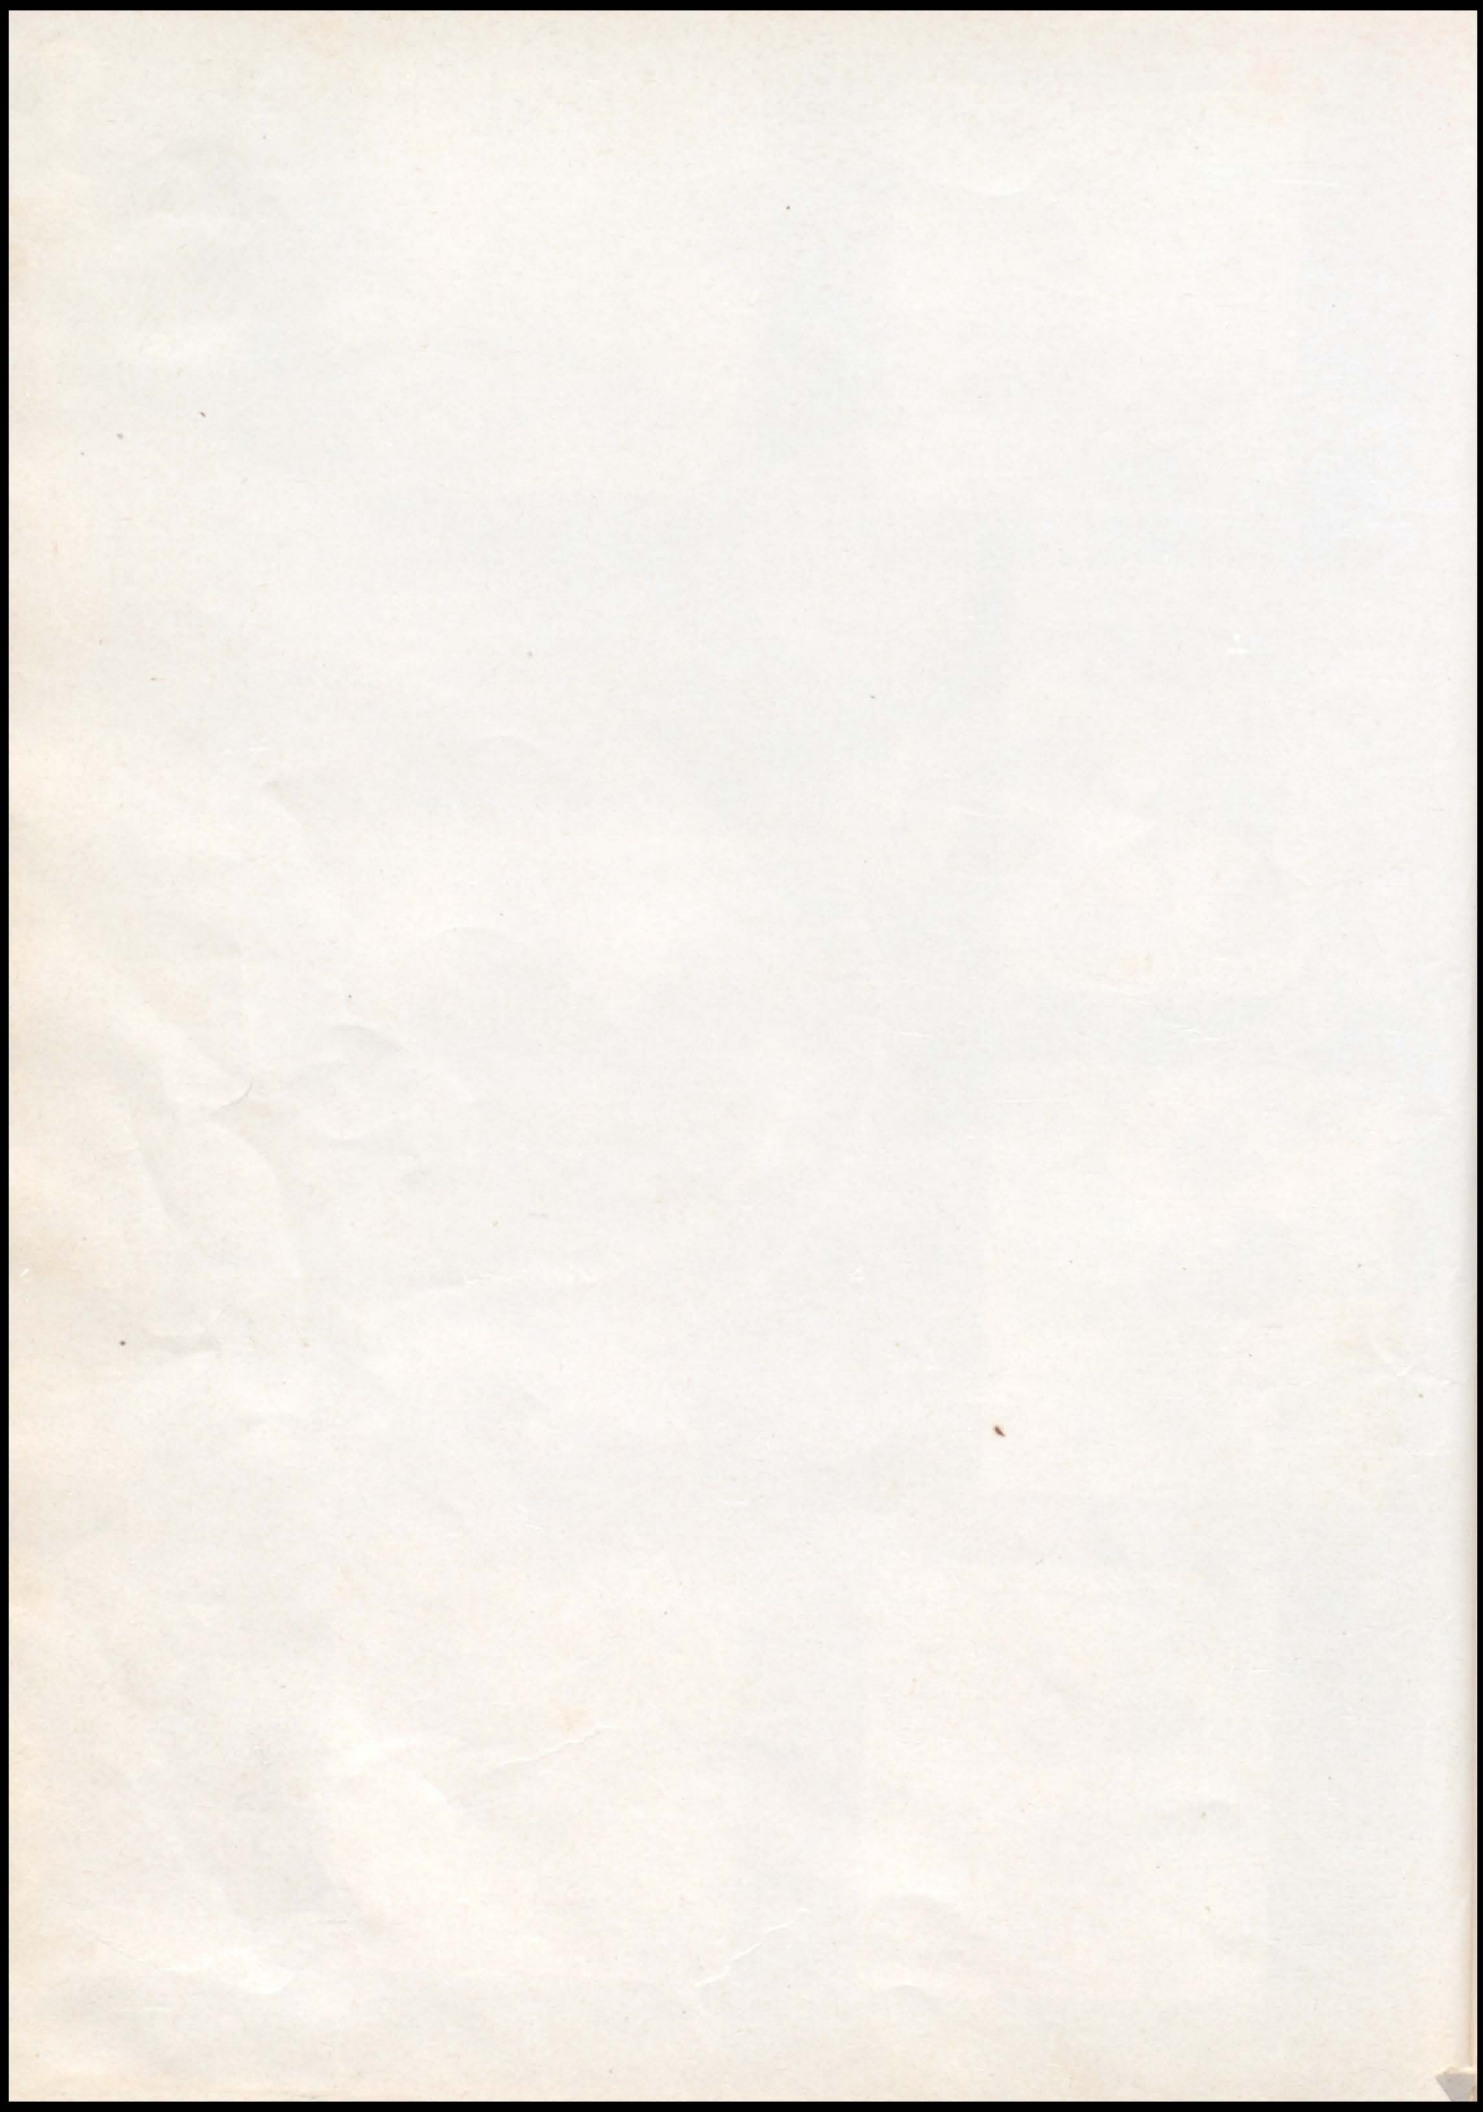

A great noise was heard overhead and everyone ran outside to see what was happening. It was Doris Durfee, now Mrs. Jim Stone, flying from Montana in her helicopter. She left Jim at home to care for their children and to hold down their fifteen section ranch. As usual she was dressed in western clothes.

And five minutes after the reunion started, who should appear but Lemuel Wyatt. He is a bachelor, a very good looking one at that.

For old times sake we had an old fashioned eraser fight, and locked Robert in the closet. Everyone had a very good time and a few tears were shed at the parting.

AS AMERICAN AS A HOT DOG

The hot dog is a familiar part of American life. Most of us take for granted that when we want one we can get it—almost anywhere. We can depend on the availability of the American hot dog in this country—it is part of the American scene—and we like it.

Electric service, too, is a familiar part of the American pattern. Can you imagine your home—or your work—without the convenience of electric service? Everyone takes the availability of electric service for granted. And you can take its economy for granted, too.

The savings of thousands of people are invested in the securities of Texas Electric Service Company. These savings bought power plants, electric power lines and other equipment—equipment that is operated by the men and women of Texas Electric Service Company to provide you with dependable, economical electric service.

Money, materials and man-power are joined under our American free enterprise system to bring economical electric service to you. This system is just as much a part of the American scene as the hot dog—it's the system which has given us Americans more of the many fine things which make us healthy, comfortable and strong—more than any other country in the world.
